

Education Exhibits

Space No.	Exhibit Title
LL-BR5202	Subtle Findings on "Second Look" Ultrasound Examination for MRI-detected Breast Lesions: Appearance and Histologic Type
LL-BR5203	Atlas of Automated Full Breast Ultrasound
LL-BR5204	BI-RADS Categorization of Sonographic Lesions: Application and Pitfalls
LL-BR5205	False-Negative Cases of Axillary Ultrasonography: How Much Size?
LL-ED3415	Ultrasound Case of the Day
LL-MS2632	Use of Ultrasound and MR Imaging in Detecting and Characterizing Common and Uncommon Uro-Gynecological and Pelvic Floor Lesions
LL-MS2654	Contrast-enhanced Sonography (CEUS) Assessment of Abdominal and Superficial Location of Lymphomas
LL-MS2850	Knobology: Optimising Image Acquisition and Understanding Artefacts in Ultrasound
LL-MS3183	Value of High Frequency US and Color/Power Doppler for Detection of Locoregional Metastases of Superficial Melanoma
LL-VI2564	Contrast-enhanced Sonography (CEUS) Recognition of Complications after Percutaneous Ablation Therapy for Liver Tumors
LL-VI2565	Complications of Hemodialysis Arteriovenous Fistulas at Duplex and Color Doppler Ultrasonography: How to Deal with Them
LL-VI2566-B11	Pelvic Venous Congestion Syndrome: Haemodynamic Patterns in Duplex Ultrasound with Iliocavography Correlation
LL-VI3010	Contrast-enhanced Ultrasound of the Abdomen: How and Why to Do It

Scientific Posters

Space No.	Poster Title
LL-BR4218-B01	Initial Results of Breast Real-time Elasticity Imaging to Characterize Lesions
LL-BR4219-B02	Preoperative Sonographic Survey of Axillary Lymph Nodes in Breast Cancer Patients at Higher Risk for Regional Lymph Node Metastases
LL-BR4220-B03	Sonographic Features of Gynecomastia
LL-BR4228-D01	Speed of Sound Imaging: Improved Image Quality in Breast Imaging

LL-BR4229-D02	Breast Lesion Size in Elasticity Imaging as an Aide to Diagnosis of Malignancy
LL-BR4230-D03	Sonographic Features of Breast Carcinoma in BRCA Positive Patients
LL-CH4055-L01	Value of Thoracic Ultrasonography in Patients with Suspected Pneumothorax
LL-GU2167-R06	Transabdominal Ultrasound in the Diagnosis of Urinary Bladder Wall Abnormalities Detected at Cystoscopy
LL-MK4267-B02	Determination of Bifid Median Nerve and Persistent Median Artery Prevalence with Ultrasonography
LL-MK4274-B09	The First Extensor Compartment: Accuracy of Sonography to Determine the Variation in the Pattern of the Tendons and Septa: Anatomical and Sonographic Correlations in 40 Specimens
LL-MK4276-D01	Ultrasonography and Arthroscopy in the Detection of Synovitis in the Knee
LL-MK4290-H05	Differentiation between Schwannoma and Neurofibroma in Extremities and Superficial Body: The Role of High Resolution Ultrasonography
LL-NR4156-L02	The Diagnostic Adequacy and Accuracy of Fine Needle Aspiration Cytology in Neck Lump Assessment: Results in 647 Patients
LL-PD4003-B03	Comparison of Cystosonography Using Contrast Medium with Cystourethrography in the Study of Vesico-Ureteral Reflux
LL-PD4008-D05	Bright Liver in Pediatric Patients
LL-PH4214-R03	A Real-time Ultrasonic Speckle Tracking Algorithm Using Dynamic Programming
LL-US2116-B01	Comparison of Microbubble Contrast-enhanced Sonography (MCES) to Dynamic Contrast-enhanced Magnetic Resonance (DCE-MRI) in the Evaluation of Tumor Perfusion
LL-US2118-D02	Right-sided Carotid Artery Stenosis as a Prognostic Marker for Death after Acute Ischemic Stroke
LL-US2119-H01	Invasion of Carotid Artery by Malignant Tumors: Sonographic Detection
LL-US2120-L01	Systemic Lupus Erythematosus Disease Activity: The Role of Ultrasound Detection of Fluid in Serosal Cavities and Correlation with Haemorheological Parameters
LL-US2121-R01	Effect of Oxygen to Cerebral Blood Flow Velocity Using Transcranial Doppler Sonography

SUBSPECIALTY CONTENT BROCHURE

Ultrasound

Radiological Society of North America

92nd Scientific Assembly
and Annual Meeting
November 26 – December 1, 2006
McCormick Place, Chicago

Subspecialty content brochures organize the components of the annual meeting by subjects that correspond to radiologic subspecialties. We hope this brochure, along with the meeting program, helps to enrich and ease your experience at RSNA 2006.

RSNA Annual Meeting CME Information

RSNA® is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

RSNA designates this educational activity for a maximum of 85 *AMA PRA Category 1 Credits*.™

Physicians should only claim credit commensurate with the extent of their participation in the activity.

Sunday, November 26, 2006

10:45-12:15	Scientific Paper Sessions Emergency Radiology (Imaging Applications in Trauma and Emergency Care I) (S501ABC) Genitourinary (Gynecology and Gynecologic Oncology) (E353A)
2:00-3:30	Refresher Courses New Developments in Ultrasound: Improving Your Practice of Ultrasound (Course RC110) (E352) Techniques of Freehand Invasive Sonography with Thermal Ablation (Hands-on Workshop) (Course RC152) (E264)

Monday, November 27, 2006

8:30-10:00	Refresher Courses Common Pediatric Emergency Ultrasound Procedures (How-to Workshop) (Course RC250) (E260) Imaging of Lower Extremity Entrapment Neuropathies (Course RC204) (S406B) Obstetrical Ultrasound I: Improving Your Practice of Ultrasound (Course RC210) (E353B) Treatment of Lower Extremity Venous Disease (Course RC214) (N226)
------------	--

10:30-12:00	Scientific Paper Sessions Musculoskeletal (Foot and Ankle) (S405AB) Neuroradiology/Head and Neck (Head and Neck: Thyroid, Parathyroid) (N228) Ultrasound (Science to Practice) (E451A)
3:00-4:00	Scientific Paper Sessions Breast Imaging (Multiple Modalities) (E253CD) ISP: Ultrasound (Thyroid) (E451A) Musculoskeletal (Inflammatory Arthritis) (S405AB)

Tuesday, November 28, 2006

8:30-10:00	Refresher Courses Musculoskeletal Ultrasound with Focus on Peripheral Nerves (Hands-on Workshop) (Course RC352) (E264) Obstetrical Ultrasound II: Improving Your Practice of Ultrasound (Course RC310) (N228)
10:30-12:00	Scientific Paper Session Ultrasound: Liver Contrast, Intervention (E451A)
3:00-4:00	Scientific Paper Sessions Genitourinary (Prostate Ultrasound) (E352) ISP: Ultrasound (Genitourinary: Contrast, Intervention) (E451A) Ultrasound (Vascular) (S403A)
4:30-6:00	Refresher Courses Categorical Course in Diagnostic Radiology: Genitourinary—Imaging in Gynecologic Malignancies (Course RC407) (E353C) Dynamic Musculoskeletal Ultrasound (Hands-on Workshop) (Course RC452) (E264) Gynecology: Improving Your Practice of Ultrasound (An Interactive Session) (Course RC410) (S504ABC) Update Course in Diagnostic Radiology: Breast Imaging—Breast Ultrasound: Performance and Interpretation (Course RC415) (E451A)

Wednesday, November 29, 2006

8:30-10:00	Refresher Courses Abdominal Ultrasound: Improving Your Practice of Ultrasound (An Interactive Session) (Course RC510) (S504ABC) Categorical Course in Diagnostic Radiology: Genitourinary—Adrenal, Retroperitoneum, and Transplant Evaluation (Course RC507) (E353C) Small Parts Interventional Ultrasound (Hands-on Workshop) (Course RC531) (E263) Thyroid Nodules and Cancer: Evaluation and Imaging (Course RC506) (E451B) Update Course in Diagnostic Radiology: Breast Imaging—Breast Ultrasound: Screening, Biopsy, and Staging (Course RC515) (E451A) Venous Doppler Sonography: Visceral and Extremity Applications (Hands-on Workshop) (Course RC552) (E264)
------------	---

10:30-12:00	Scientific Paper Sessions Breast Imaging (Ultrasound) (Arie Crown Theater) ISP: Physics (Ultrasound, Nuclear Medicine, Optical Imaging) (S404AB)
-------------	---

3:00-4:00	Scientific Paper Sessions Breast Imaging (Multiple Modalities) (E253CD) Gastrointestinal (Ultrasound Contrast: Liver) (E451B) Musculoskeletal (Ultrasound) (S406B) Ultrasound (Liver: Imaging and Biopsy) (S403A)
-----------	--

4:30-6:00	Special Focus Sessions Creating 3D Images: Clinicians or Technologists? (N230) Pediatric Appendicitis: Sonography or CT? (S403B) Thyroid Sonography and Biopsy: A Procedure Run Amok? (E350)
-----------	--

Thursday, November 30, 2006

8:30-10:00	Refresher Courses Categorical Course in Diagnostic Radiology: Genitourinary—Benign Disease in the Female Pelvis: Making a More Specific Diagnosis (Course RC607) (E353C)
------------	--

Thyroid, Parathyroid and Neck Nodes: Improving Your Practice of Ultrasound (An Interactive Session) (Course RC610) (S504ABC)

Ultrasound-guided Interventional Breast Procedures (Hands-on Workshop) (Course RC652) (E264)

10:30-12:00	Scientific Paper Session Musculoskeletal (Interventional Pain Management) (S405AB)
-------------	--

4:30-6:00	Refresher Courses Problem Solving with Breast Ultrasound: To Biopsy or Not to Biopsy—Case-based Review—Improving Your Practice of Ultrasound (An Interactive Session) (Course RC710) (S402AB)
-----------	---

Real-Time Interventional US (Hands-on Workshop) (Course RC752) (E264)

The Foot: Sports Imaging (Course RC704) (E450B)

Update Course in Diagnostic Radiology Physics: Advances in Breast Imaging—Physics, Technology, and Clinical Applications: Ultrasound Imaging of the Breast—Emerging Trends (Course RC721) (E351)

Friday, December 1, 2006

8:30-10:00	Refresher Courses Categorical Course in Diagnostic Radiology: Genitourinary—Imaging in a Spectrum of Genitourinary Emergencies: Trauma, Acute Scrotum, and Acute Maternal Diseases (Course RC807) (E353C)
------------	---

Doppler Ultrasound: Improving Your Practice of Ultrasound (Course RC810) (N228)

Minicourse: Innovations and Advances in Medical Imaging Technology—Innovations and Advances in Ultrasound Imaging Technology (Course RC823) (S404CD)

The Hand and Wrist: Sports Imaging (Course RC804) (E450B)

Update Course in Diagnostic Radiology Physics: Multidimensional Image Processing, Analysis, and Display—From Detector to Pixel: Signal Processing (Course RC832) (S403B)

10:30-12:00	Scientific Paper Session Genitourinary (Ultrasound) (E353B)
-------------	--
